

NETBAR(Internet Service on Board)

Dear passengers of “SU ZHOU HAO”

We are pleased to inform you that NETBAR has been set up with “SU ZHOU HAO” to enable you to use internet on board. Details of the service are as below mentioned. With the opening of NETBAR, the game room has been closed.

<HOW TO USE NETBAR>

- All users of facility are charged a fee
- Fees:
With the PC (OS: Windows Vista Japanese Version) install at a booth: J¥200 per time
With your own PC by connecting with LAN cable: J¥100 per time
- Working hours:
Osaka → Shanghai 4:00p.m – 10:00p.m. on Friday
Shanghai → Osaka 6:00p.m – 10:00p.m. on Wednesday
- The passenger who would like to use this facility is requested make the payment of the fee at INFORMATION in the center of C-DECK.
- In order to enable as many passengers as possible to use this facility, every time is limited to one hour excluding the period of disconnection.
- The service is limited in Japanese waters because of hi-speed data communications with a Japanese mobile telephone system.
- Since the boat sails in the area where the signal dose not reach or is weak, there is a possibility that you cannot use internet even in the working hours.
